GENERAL INFORMATION

Requirement for attending the conference: to be enrolled in the Degree in Chemistry (Catalan or English line), in the Degree in Biochemistry and Molecular Biology or in the double Degree in Biotechnology-Biochemistry and Molecular Biology. The Conference is recognized within the Tutorial Action Plan of the Faculty of Chemistry (obligatory compliance for obtaining the degree).

During this session, detailed information and how the degrees work will be given: class and laboratory schedules, rules, objectives, and a general introduction to the faculty. The Safety Program for the teaching laboratories of the Faculty of Chemistry will also be presented, which can be followed independently. You will need to pass a mandatory test on the contents of this program before accessing any of the center's practice labs. This security test will be available in the Campus Virtual space "ESPAI COMUNICACIO FQ" on the dates we will indicate during the day. There will be a presentation of the CRAI (*Centre de Recursos per a l'Aprenentatge i la Investigació*, Resource Center for Learning and Research), with special emphasis on the facilities and services offered in the building located on the Campus Sescelades.
